

REFUSED TO LET THE PEOPLE VOTE

Jane Hague, Republican

"I will not take a councilmanic vote to raise taxes. Voters in this state have made it known through the initiative process that they wish to cap car tab fees. I respect that, and I firmly believe that altering this also requires a vote of the people."

L i a r

Kathy Lambert, Republican

"I am not in favor of the Council approving a car tab fee increase. The current cap was set on by a vote of the people, and I respect the will of our citizens."

L i a r

Julia Patterson, Democrat

"I'm 100 percent willing and able to support putting a fee on the ballot. I am representing the poorest district in King County. My people are struggling harder and working with less. \$20 might not seem like that much to someone who lives on Queen Anne or Magnolia, but it's significant to my people."

S e l l - O u t

Bob Ferguson, Democrat

"I'm not saying yes, I'm not saying no. But I don't think it's a slam-dunk. I think that's fair to say."
